## The Grantseeker's Guide to Project Evaluation

A new do-it-yourself guide to project evaluation helps you show funders you can, or did, get results with their money. **The Grantseeker's Guide to Project Evaluation** gives a step-by-step approach to design your own evaluation plan or be able to judge the credibility of evaluations done by others.

With **The Grantseeker's Guide to Project Evaluation** you'll get easy-to-follow instructions, examples and statistical formulas, including how to plan and design an evaluation, collect evaluation information, analyze evaluation data, manage an evaluation and write a complete evaluation report.

The book also contains a glossary of terms, sample evaluation plans, a description of statistical methods commonly used in evaluations and a bibliography of additional resources.

To benefit from these evaluation techniques, order your copy of **The Grantseeker's Guide to Project Evaluation** for $49 today.

### ✍ Education Reports

**Strategies for Success: What's Working in Schools Today.** Reduce your risk of program failure and find effective ways to improve your schools by learning from the experience of your colleagues. This handy resource contains "success stories" that you can replicate from schools that have found a solution to some of the most pressing challenges faced by educators. Each program provides a contact and additional resources. $45.00

(more)

**Effective Leadership: Research and Practice in School Administration, Volume I.** This handy, 60-page book of research results and advice from ongoing school programs is meant to be put to work. Digested and compiled from the pages of *Education Monitor,* its focus is on the issues that concern school administrators most: leadership, teacher development, hiring and appraisal, staff motivation and more. You'll get proven research results and tips from experts who will share with you what's working in their schools. $34.95

**Effective Leadership: Research and Practice in School Adminstration, Volume II.** This book of recent research results and advice from ongoing school programs is an indispensable tool for school administrators. Volume II addresses more of the challenges that face administrators every day: leadership, staff motivation, staff development, curriculum and instruction, and administration. $40.00

**The Education Evaluator's Workbook: How to Assess Education Programs -Vol. I, II, III, IV and V.** These valuable reference works, available separately or as a set, will help you master specific areas of education program evaluation, from conducting a survey to weighing statistical significance, how to use pattern analysis, how to avoid common evaluation hazards, and much more.

✓ **Volume I.** Contains the evaluation basics, including "How to Choose a Test," "Analyzing Data in the Field" and "Searching for Evaluation References." $39.95

✓ **Volume II.** The "How Tos" of data collection, surveys, statistics, costs and more, including "Choosing a Survey Design," "Using Pattern Analysis" and "Evaluating on a Shoestring." $37.95

✓ **Volume III.** Focusing on testing, Volume III includes such chapters as "Rating and Comparing Criterion-Referenced Tests," "Making Sense Out of Test Scores" and "Field Testing and Validating a Program or Product." Also touches on other subjects, such as teacher evaluation and questionnaires. $36.95

✓ **Volume IV.** In addition to "How to Use the Key Informant Survey Technique," this volume emphasizes data collection, analysis and statistics. $38.95

✓ **Volume V.** This volume features overall evaluation planning, assessing cost effectiveness and issues in evaluation. Chapters include "How to Plan an Evaluation You'll be Proud Of," "How to Analyze Program Costs" and "How to Determine if a Program Meets its Goals." $35.95

**All five volumes: $150.00 (nearly a $40 savings)**

To order any of the above books and/or reports, simply call toll free, **(800)327-7203**.
